DECT QUALITY WIRELESS AUDIO FOR THE PC
UP TO 115 METRE WIRELESS RANGE

UC+

Savi® 430

Professional UC wireless headset designed for frequent softphone use with high quality audio and portable design

The first portable PC-based wireless headset system that incorporates DECT™ technology for unsurpassed, enterprise-grade audio quality, even in dense working environments. Hands-free functionality increases productivity by enabling users to multitask and move freely around the office.

Key features

Outstanding sound quality

- DECT technology provides better audio; eliminates interference from Wi-Fi networks
- Advanced wideband audio using CAT-iq technology for high definition voice quality
- Noise-cancelling microphone filters out background noise
- Digital Signal Processing (DSP) provides more natural voice sound

User-friendly function and design

- DECT dongle has 180° articulation for optimal positioning and storage
- Intuitive call controls including answer/end with supported softphones
- Excellent range of up to 115 metres allows hands free productivity
- Adaptive battery for longer talk time
- Conference up to three additional headsets for improved call efficiency

Ease of install

- Plug-and-play installation
- Optional control panel installation

Backed by Plantronics global service and support

Innovative design for all-day comfort and easy on/off

Volume control, mute, flash
